Market Gardeners'

WHOLESALE CATALOG

High Grade Seeds, Implements, Fertilizers, Twines, and Market Gardeners' Requisites

The supply of seeds on hand for 1946 is quite ample for normal requirements. Germination tests just made show high vitality and vigor. Nothing has been left undone to insure you getting the best quality. Our aim is to develop new varieties and improve on the old strains where possible. Prices on many items have been reduced in line with our policy of supplying the best for the least cost.

Rubber Bands are plentiful and have more stretch and strength compared to last year. By combining natural with synthetic rubber a greatly superior band is obtained.

Many growers have struggled through the war period with old tools which should have been junked before. While orders for Seeders, Wheel Hoes and Tractors are coming in fast we hope to take care of all your needs for machines or parts.

Sales of fertilizers will be limited to three items: Nitrate of Soda, Pulverized Sheep and Pulverized Cow manure.

Twines for bunching and tying have been and still are scarce but should be available when the bunching season begins.

We wish to thank all of you who have contributed so much to our success in the past and trust we may have the pleasure of serving you again. Others are invited to join the happy crowd of satisfied customers.

TERMS AND CONDITIONS

All Prices Quoted are Subject to Change at Any Time Without Notice

ORDERING. If possible use our order sheet. Additional order sheets will be sent on request.

Be sure to fill in your name and address. Write plainly; English, Holland or German may be used, for expressions or correspondence.

PAYING. All bills are due August 1st next, unless other agreements are made. Overdue accounts will draw interest at the rate of six per cent (6%) per annum.

Credit will be extended to regular customers, providing your account is in good standing.

New customers, applying for credit, will please send paid seed bills of two previous years to prove good standing elsewhere.

Orders for C. O. D. shipments will have prompt attention if 25% of the amount is sent with order.

On spring orders for Garden Seeds we allow 10% discount if paid before April 1st. All other items are net cash. Orders received after April 1st are not subject to discount. No charge for bags at any time.

Delivery. No extra charges for delivery within a radius of 50 miles from Chicago. Orders placed before 11 a. m. will go out the same day.

SHIPPING. Shipments can be made by freight, express or parcel post. If no instructions are given, we will use our own judgment. We will prepay FREIGHT shipments of Seeds up to a distance of 500 miles from Chicago. On EXPRESS shipments the customer pays transportation charges on arrival of goods, but we do allow the freight rate on the invoice. Implements, Glass, etc., are quoted and shipped f. o. b. Chicago.

Be sure to note condition of bags on arrival; if torn, have it marked on your freight bill; if spilled out, have the bags weighed and weight also noted on freight bill, otherwise it will be impossible to recover damages.

If for any reason an order or part of an order cannot be filled, we will refund amount sent for such order or part of such order.

WARRANTY. The N. Sluis & Sons Company gives no warranty, express or implied, as to the productiveness of any seeds or bulbs it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

Bugner Winter Cabbage—a Good Seller, a Splendid Keeper, a Heavy Producer

CAULIFLOWER

The importance of good seeds cannot be over-estimated in the growing of Cauliflower. Being a one-season crop the seeds must be good or all the labor of seeding, planting and cultivating will be wasted. It is therefore not surprising that many growers place their orders with us **every year**.

	Oz.	¼ lb.	Lb.
Chicago Snowball. The most dependable sort for early crop. First offered by us in 1927, it still is the leading variety today for hotbed seeding. Matures evenly, producing snow-white heads	\$3.00	\$9.00	\$32.00

Extra Early Snowball. Matures a few days later than Chicago Snowball. Heads are larger and heavier	2.75	8.25	28.00
---	------	------	-------

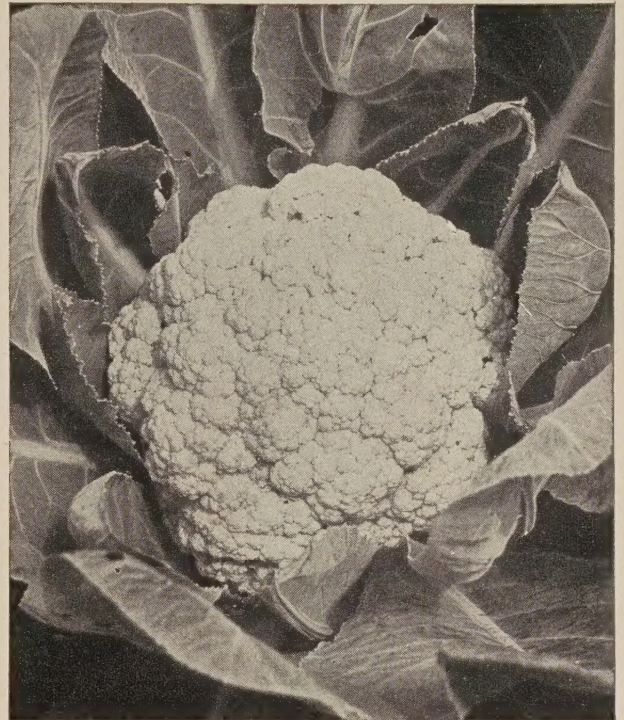

New Michigan Snowball. A splendid sort for early and fall crops. The heads are very uniform and exceedingly compact. Has given excellent results ..	3.00	9.00	32.00
--	------	------	-------

Large Late Snowball. Introduced more than 25 years ago, this variety still is much in demand. The heads are large and heavy, and the color is always a beautiful white. Recommended for fall crop only ...	2.75	8.25	28.00
---	------	------	-------

Normandie. This is an exceptionally fine strain of Snowball, selected for weight and solidity of head. It is so uniform in maturity that nearly all the heads are ready in two weeks after the first cutting. Should be used chiefly for fall crop ..	3.00	9.00	30.00
--	------	------	-------

White Mountain Cauliflower
Note the remarkable depth of the head

Chicago Snowball Cauliflower

	Oz.	¼ lb.	Lb.
Catskill Snowball. Quite similar to our Large Late Snowball. Popular in New York State for fall crop	\$2.75	\$8.25	\$28.00

White Mountain. The most recent introduction in Cauliflower for fall crop. No other sort has found favor with the growers so quickly. With irrigation our strain has produced as high as 98% U. S. No. 1 marketable heads. It surpasses all others in size and tonnage per acre	3.00	9.00	30.00
--	------	------	-------

Purple Beauty. An Italian Cauliflower which produces small heads of a greenish purple color. Should not be grown extensively as the demand for it is too small to absorb large quantities	1.25	3.75	12.50
--	------	------	-------

Our Cauliflower seeds are grown from carefully selected, fully developed heads only, and every plant which does not meet our standard of quality is done away with. The result is that our seed can be depended on year after year.

Carrot

Oz. ¼ lb. Lb.

Extra Early Coreless. One of the sweetest Carrots grown. Color orange, stump rooted. Used for bunching and busheling .. \$0.20 \$0.60 \$2.00

Nantes. Extra fine. We have the true stock of this popular Carrot. For spring, summer or fall use it has no equal. The tops are medium, the roots average 7 inches in length, and the color is an attractive orange .. .20 .60 2.00

Strong Top Nantes. Similar to our Nantes, except that the tops are much heavier, which prevents the Carrots from breaking off in handling20 .60 2.00

Chantenay Selected. Desirable for early bunching. Has heavy tops. Roots are half long with blunt tip20 .60 2.00

Red Cored Chantenay. A half long Carrot used chiefly for canning. Flesh is dark orange. .20 .60 2.00

Greater Chantenay. Widely used as a bunch Carrot. Roots are pointed and very smooth20 .60 2.00

Oregon Chantenay. Well liked for bunching and busheling. Roots are orange colored, pointed and exceedingly smooth20 .60 2.00

Imperator or California. Roots are 7 to 8 inches long; tapering, deep orange, tender and sweet20 .60 2.00

Morse's Bunching. Quite similar to Imperator Carrot, but with longer tops for fine bunching.. .20 .60 2.00

Supreme Half Long. Slender, refined Danvers type; excellent color, small red core, tops medium20 .60 2.00

Streamliner. Tops short, dark green. Roots deep orange, 10 inches long20 .60 2.00

Danvers Half Long Selected. The ideal Carrot for winter keeping; stump rooted, dark color. Can also be used for summer and fall bunching20 .60 2.00

Hutchinson. A favorite with muck land growers for bunching. Uniform root; medium length, sturdy leaves20 .65 2.20

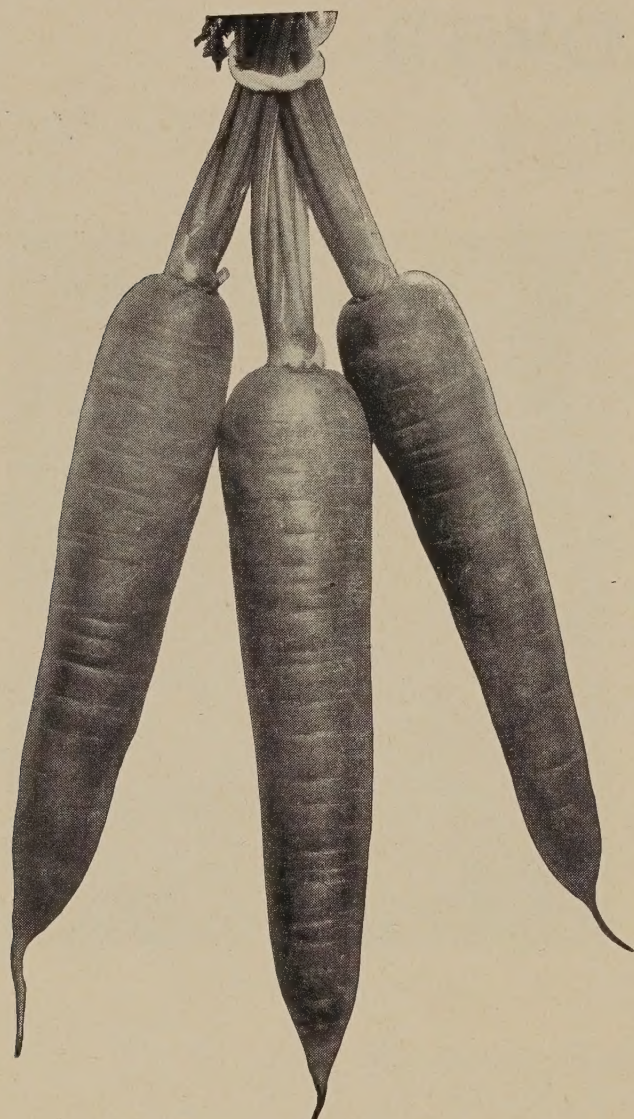

Bagley Danvers. Produces long, slender Carrots, stump rooted, suitable for bunching or busheling. Color beautiful orange . .20 .65 2.20

Protect Your Seeds With CUPROCID

Cuprocide is an orange-yellow fine dusty powder used to prevent seed decay. For treating small lots of seeds a glass jar is convenient. Put seeds and dust in jar and shake until seeds are thoroughly coated. For large quantities a barrel may be used.

Amount of CUPROCID for			
KIND OF SEED	1 lb. Seed	10 lbs. Seed	100 lbs. Seed
Pea, cucumber, melon, squash and all large seeds	1/6 tsp.	1½ tsp.	3 ozs.
Sugar beets, spinach, eggplant, beet, tomato, lettuce, celery, pepper	1 tsp.	12 tsp.	1½ lbs.
Grass, clover, alfalfa	1 tsp.	12 tsp.	1½ lbs.
Sweet pea, petunia, snapdragon, calendula, zinnia, aster, pansy, etc.	1 tsp.	12 tsp.	1½ lbs.

Seedlings. When plants are grown under crowded conditions, as in greenhouse or hotbed, "damping-off" or "black leg", may attack them at the surface of the soil. To prevent this apply Cuprocide in a water solution in sprinkling can. Sprinkle seed bed right after planting and repeat at intervals. Follow directions on bag. Price: 3-lb. bag, \$1.65.

Crow Repellent

Protect Your Seed Corn

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves

loss of seed and labor of re-planting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

LARGE CAN, \$1.00
(Enough for 2 bu. of seed corn)
SMALL CAN, .60
(Enough for 1 bu. of seed corn)

Sprayers and Blowers

Dobbins No. 34G Sprayer

Capacity, 3½ Gallons.

This Superbilt Bighead Sprayer provides a large opening for quickly filling and cleaning out the tank. The pump plunger develops a large amount of air per stroke. The tank is made of heavy galvanized steel, riveted, beaded and soldered, and tested for high pressure. Brass extension rod with aphid angle nozzle permits spraying underneath the leaves. A handy machine for the field, in the barn, or around the house. Price: \$6.00.

Dobbins No. 200 Duster

This Duster makes a very desirable machine for dusting beans, cabbage, melons, potatoes and other low-growing crops. The dust can be blown forward or backward. By using the return bend elbows the discharge will be at the rear. Dusting 2 rows at a time saves many hours of labor. Adjustments for row widths, height of crop and flow of dust are easily made without the use of tools. Price: \$14.00.

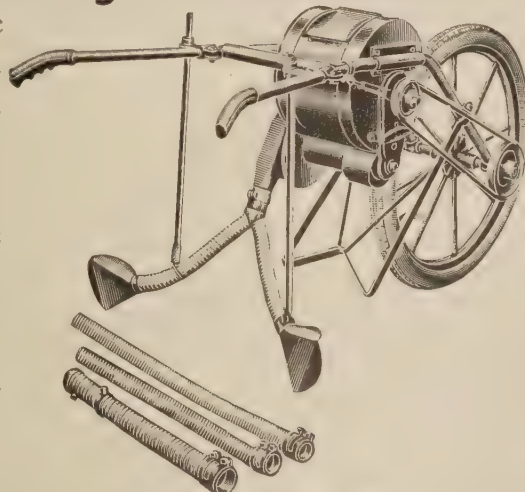

One-Shot Hand Duster

Delivers powerful load of dust with every stroke. Suitable for dry dusting only. Dust chamber holds about 1 pound. Price: \$1.25.

Messinger Wheelbarrow Duster

A one-man, traction type duster for all row crops such as potatoes, tomatoes, beans, cabbage, etc.

The big rubber-tired wheel carries all the weight. The flow of dust is regulated by a small lever on the side of the hopper. The dust discharge is at the rear—no walking through a cloud of dust.

Tubes and Nozzles are adjustable for rows 12 to 72 inches apart and in any height from ground to 36 inches.

Capacity of hopper, 12-15 lbs. Empty weight, about 65 lbs.

Model HT2 (2 row) with 2 tubes and 2 nozzles. \$37.50.

Model HT4 (2 row) with 2 tubes and 4 nozzles. \$47.50.

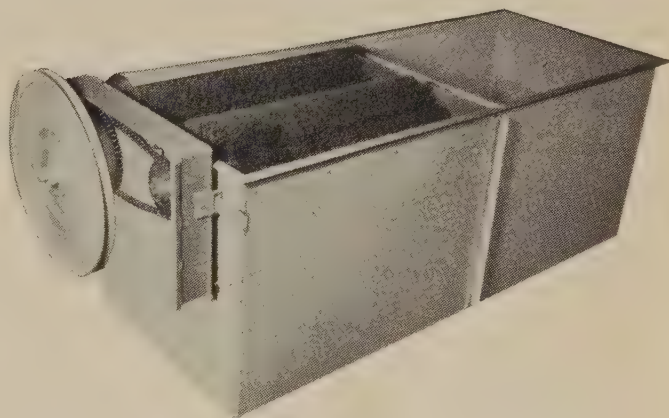

Washers - Seeders - Fertilizer Drills

Cicero Bunch Vegetable Washer

A valuable asset to growers of bunch vegetables. Washes off the dirt and polishes the goods while the operator holds them by the tops, usually 4 bunches at a time. No running water required. Just fill the tank and go ahead. Several hundred bunches can be washed without changing water.

Tank is 5 ft. long, 2 ft. wide, and 2 ft. deep; made of heavy galvanized metal with seams riveted. 2-in. drain plug in bottom. Well painted inside and out.

Brushes are 26 inches long and 10 inches in diameter, revolving at a speed of about 160 revolutions per minute. Steel sprockets and roller chain are used and Zerk grease fittings installed where needed.

Price, with 19-inch groove pulley . . . \$125.00

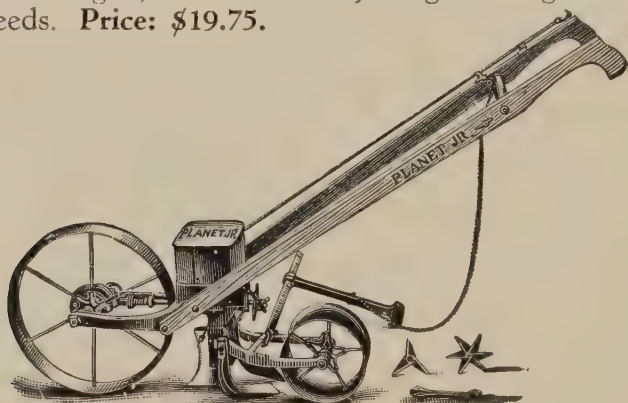

We can furnish "V" belts from 68 inches up to 144 inches in length. Weight, less motor, 180 lbs.

Master Electric Motor, 1/2 H.P. \$31.00

Weight of motor, 63 lbs.

No. 3 Planet Jr. Seeder

Among truck growers this machine is much in use and well liked. Runs light and does the work right; will sow anything in vegetable seeds. Price: \$19.75.

No. 3 Seeder

No. 300 Planet Jr. Seeder

The ideal machine for the market gardener. Drops evenly and accurately any vegetable seed from the smallest up to Bush Lima beans. New style waved feed wheel does not crush or break beans or peas. Hopper can be removed in a few seconds to empty left-over seeds. Price, \$22.75.

No. 219 Cultivator with Fertilizer Attachment

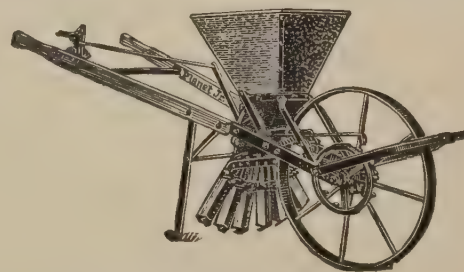

This handy machine answers the call for a light, inexpensive, practical tool for side-dressing growing crops. Small enough to go between 12-inch rows. It will handle nitrate and commercial fertilizers.

Price complete . . . \$11.50

Fertilizer attachment only 7.50

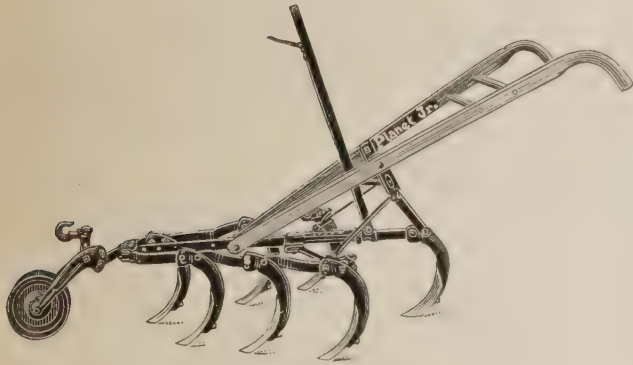

No. 220 Planet Jr. Fertilizer Drill

A new model fertilizer distributor, which will do fine work.

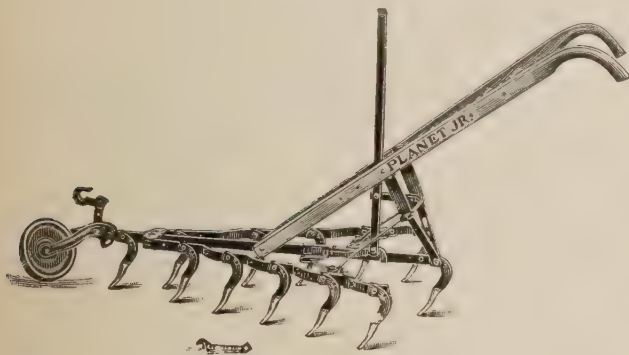

Operates like a wheelbarrow, will sow 100 lbs. to over a ton per acre. Feeds the material through 6 galvanized pipes. These are adjustable, capable of covering a strip 30 inches wide. Seldom clogs up. Price, \$31.50.

Planet Jr. Tools

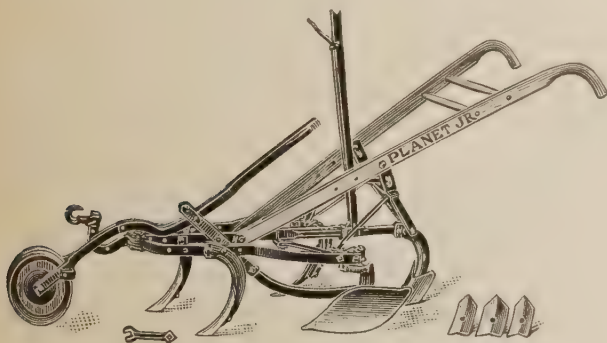

No. 83 Cultivator

The Seven-Tooth Cultivator has gained in favor, due to the fine work it does; weeds have a very small chance to slip by when these seven shovels are in operation. We recommend this as a valuable tool. **Price, \$15.00.**

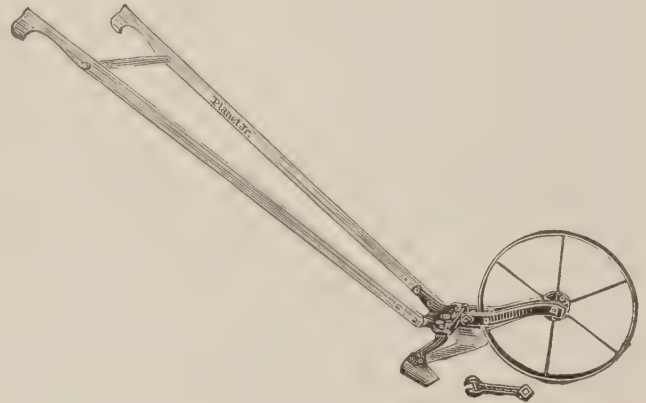

No. 91 12-Tooth Harrow

This machine gives excellent satisfaction in early summer, when plants are small. Breaks the crust on the ground without covering the tender plants, at the same time destroying the first crop of weeds. **Price, \$13.95.**

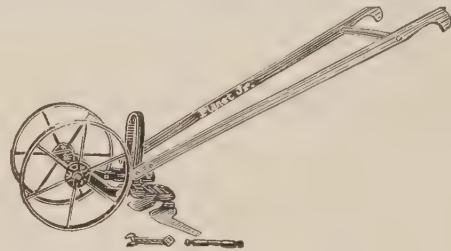

No. 8 Horse Hoe

For thorough cultivation this machine has no equal: it can be used for plain cultivating or for hilling work in corn, potatoes, etc. The lever wheel and depth regulator make it very easy to operate. **Price, \$17.50.**

No. 18 Single Wheel Hoe

For cultivating small crops the No. 18 is just the thing; simple but very effective. Thousands of gardeners are using them profitably. **Price, \$6.95.**

No. 13 Double Wheel Hoe

To those who like a double wheel cultivator we recommend this machine. The two wheels make the going more steady. **Price, \$9.95.**

AMERICAN "JUNIOR" BUNCH VEGETABLE WASHER

The "Junior" Bunch Washer must be seen and used to be fully appreciated. Will wash 250 dozen bunches of Beets, Carrots, Green Onions and other bunched vegetables per hour without damage to foliage or roots. Labor costs are cut in half by doing away with unnecessary handling. Floor space needed four by seven feet. Weight, about 650 lbs. **Price: \$395.00, f. o. b. factory.**

AMERICAN CONTINUOUS FEED ROOT WASHER

One of the sturdiest, most practical washers ever built. The roots are fed into the chute at the upper end. The cylinder is mounted on rollers and placed at an angle so that when the drum revolves the roots move toward the lower or discharge end. A perforated pipe in the cylinder serves to supply the necessary water. Floor space required three feet by fifteen feet. **Price: \$345.00, f. o. b. factory.**
